Happy New (Rotary) Year !!!

The new Rotary Year and Second Century of Service Above Self began with a memorable social gathering at Colleen's beautiful home on Lake Nepessing. Fellowship, Food, and Fun for all. If you ever wanted to see professional fireworks up close and personal, this is the place to do it!

July is Literacy Month

Literacy - "The basic reading, writing, math, communication, and computer skills necessary to be successful in the home, at work, and in the community." As you can see by that definition, there are many ways to participate in a literacy project. Not only as a member of Rotary, but throughout the year as mentor and role model in business and in the community.

*You can't save the world...
...but to those you save, you ARE the world.*

The Rotary Club of Lapeer meets every Tuesday, 12:10pm

Lapeer County Center Building
